

THANK YOU!

WORLD *family doctors'* DAY
singapore

Dear Friends and Colleagues

Today is World Family Doctors' Day. On behalf of our Council and the patients that you care for, I would like to take this opportunity to thank you for your support of Family Medicine and the good work that you do as a family doctor. We are joined by family doctors around the world as we re-dedicate ourselves to our calling as Family Doctors on this special day. I would also like to bring to you a message of thanks and encouragement from Prof Michael Kidd, the President of the World Organization of Family Doctors. You can watch his message in the video link provided.

Thank you for being a family doctor.

A/Prof Lee Kheng Hock
